

Research Study Needs Volunteers...

DIGITAL STORYTELLING

SHARE YOUR STORY

We are looking for people who have been bereaved in the last 2 years.

Were you or your loved one experiencing financial hardship at the time of their death?
Was meeting their wishes challenging or straightforward?
What more could have been done to help them and you?

We are looking for people who are willing to share their experiences with us so that we can help to improve services for people experiencing financial hardship and serious advanced illness.

We want to do this by working individually with you via video link to make a digital story. You will work with a researcher and a professional filmmaker to produce a short 2-3 minute film using photos and music.

NEXT STEPS

If you are interested or know someone who might be interested, please contact:
